

Family of Companies

Con Edison Development, Con Edison Energy, and Con Edison Solutions, collectively managed as the Con Edison Clean Energy Businesses are part of the Consolidated Edison, Inc. (CEI) family of companies, which has a corporate history dating back to 1823. CEI is one of America's largest and longest-operating investor-owned energy companies with assets valued at \$54 billion and annual operating revenues in excess of \$12 billion (NYSE: ED).

REGULATED ENERGY BUSINESSES

Con Edison Company of New York

Provides electricity, natural gas, and steam service to New York City and Westchester County, New York.

Orange and Rockland Utilities

Serves southeastern New York State and, through its subsidiary Rockland Electric Company, adjacent sections of northern New Jersey.

Con Edison Transmission

Invests in FERC-regulated electric and gas transmission projects that reach a wide range of customers.

CON EDISON CLEAN ENERGY BUSINESSES

Con Edison Development

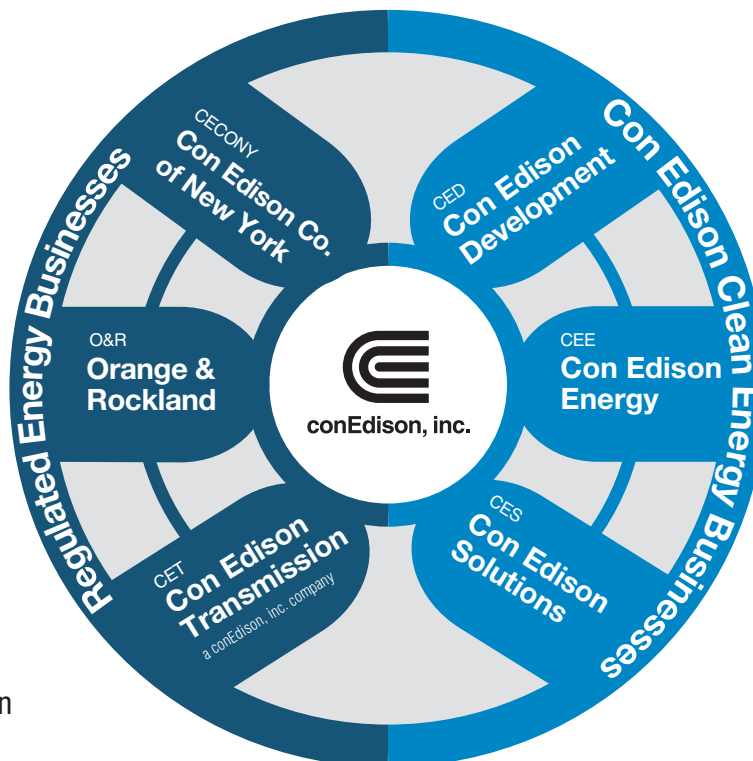

Developer, owner, and operator of grid-scale clean energy assets throughout the United States.

Con Edison Energy

Power marketing and energy asset management company.

Con Edison Solutions

Leading national energy services company providing energy efficiency, renewable energy, and energy storage.

conEdison Development

is a leading developer, owner, and operator of grid-scale energy assets, with a focus on renewable energy, providing engineering, construction, and financing expertise in all aspects of energy project development.

conEdison Energy

is a leading power marketing and energy asset management company offering customized energy management services, including consulting and strategic planning for bidding and scheduling generation assets, fuel management, and hedge execution to energy asset owners, renewable energy asset developers, and load-serving entities.

conEdison Solutions®

is a leading energy services company that provides renewable energy, sustainability services, utility privatization, energy resilience and storage, cost-effective energy efficiency solutions, and comprehensive energy performance contracting. Con Edison Solutions is accredited as an Energy Service Provider by the National Association of Energy Service Companies (NAESCO).

The CEI family includes regulated utility companies, a FERC-regulated energy transmission company, and the Con Edison Clean Energy Businesses, which operate in competitive energy markets nationwide.
