

# Con Edison Battery Storage

a Con Edison Clean Energy Business

## WILFRID LAURIER UNIVERSITY

### PROJECT DATA

#### LOCATION

Ontario, Canada

#### COMMISSIONED

June 2018

#### SYSTEM

- L2000 Containerized System
- ESS: 2200 kW / 3154 kWh

#### APPLICATIONS

- Microgrid
- Renewable energy support
- Demand charge management
- Co-generation with central utilities plant

#### VALUE

\$3M projected savings over 20 years
